2023 has been a remarkable year, filled with incredible growth and countless successes. Our coaches have stepped up to new heights, guiding our teams to achieve milestones we hadn't imagined before. It's been an exciting ride, and we couldn't have done it without your incredible spirit and energy!

We've witnessed some truly outstanding performances across all levels, and achieved some truly incredible results. But it's not just about the victories; it's about the incredible memories we've created together.

We've had a blast getting to know more of our extended Outlaws family through our social week events, and we've loved all the moments of connecting with you all.

Your presence, support, and enthusiasm have been the driving force behind our success. We are incredibly grateful for your commitment and resilience, especially during the challenging times we faced in the past.

Your unwavering support and trust have allowed us to bounce back stronger than ever.

As we look ahead to the future, we are bubbling with excitement for all the new routines, new friendships, teams, competitions, and performances our teams will take part in.

Wishing you all a wonderful Christmas and a fantastic New Year. Thank you for being part of our Outlaws family, and here's to more fun, growth, and success together!

Hey Outlaws Family of 2023,

What a year it's been! We've had a blast, and it wouldn't have been the same without all of you. From the bottom of our hearts, we want to express our gratitude for the great season we've had together.

2023 marked our return to full cheer season glory, with international travel back in full swing & all signs of lockdowns & restrictions well & truly gone. The excitement was off the charts, and it was an absolute pleasure seeing all of our teams be able to compete overseas again. Here's a little recap of the overseas competition highlights:

We kicked off the year with a bang as three of our fabulous teams, Diamonds, Notorious, and Kelly Girls, represented us at the IASF Cheerleading Worlds. They brought home amazing experiences, camaraderie, and unforgettable memories. Each team's journey was unique, and they faced their own set of challenges, but they shone bright and made us incredibly proud. Having 3 teams be able to support each other at worlds was also really special.

It was Diamonds first time as an Outlaws team & they put a beautiful routine on the floor, many performances in a row. Day 1 was one of their best routines & we were so proud of how much they'd grown as a team. While the team may have felt they could have done better on the floor, they still represented us incredibly well & held their heads high as they walked away with 10th place.

Notorious were going to worlds for the first time in 4 years, and with a lot of brand-new people to the team & to worlds, it was really awesome to see so many athletes experience worlds for the first time. After Day 1 being in 2nd place they were super excited to have come such a long way from when the team first came together. On Day 2 they had a small mistake & with the competition so tight, ended in 4th place. The routine they put on the floor was so beautiful & being so close to a podium gave lots of determination to be an even better team for the future.

Kelly Girls hadst many ups & downs over the past few years, due to covid and lockdowns with their worlds experience. However the highs far outweighed the lows & this worlds was no different.

Their trip started as a bit of a stressful one, as their first performance was far from what they wanted to put on the floor. Not only were there a few routine mistakes but a few girls were also super unwell & there was even an injury right before they competed. This motivated the girls more than ever to train hard in their final lead up to worlds. It also led to their next trainings being super hard working, to ensure they could put their best foot forward for worlds. There was lots of cleaning to be done & changes to be made. After Day 1 being in 4th place with a couple of mistakes, the girls were happy with their Day 1, but determined to have a podium finish. All the scores between the top 4 teams were incredibly close, so they made a few more changes to really strengthen their routine. On Day 2 the girls put a great routine on the floor with only a couple of minor issues and ended up in a very close 2nd position. Walking away with a silver medal they were absolutely ecstatic that their 4-year long journey ended this way.

Then we had our Hawaii team from Kedron compete at the Global games. They had lots of big trainings & worked super hard throughout the week lead up to the competition. It resulted in a wonderful outcome of 1st place and Grand Champions. They were absolutely ecstatic and both coaches & athletes did a wonderful job. Then they got to enjoy some much-deserved down time enjoying what Hawaii had to offer.

After our travel teams returned home, it was time to kick our Australian season off, starting with Shootout!

Our competition season was nothing short of epic, with some teams participating in up to 8 competitions. The hard work and dedication paid off as our teams evolved and grew.

Winterfest, Battle, Eutopia, States, Showcase, Spring Carnival, Majors & Nationals were just some of the competitions our teams competed in.

By the time we got to States, we really saw the level of growth & improvement our teams had gone through since the start of the season & it made us really excited for the rest of the season.

This year, we also introduced Social Week events that brought our families closer, and the spirit was infectious. It was heart-warming to see our families get to know each other better through the activities the kids got to do.

Then we headed into Nationals time & you could smell the excitement in the air & the anticipation of big Nationals trainings. The smell of summer in the air & the feeling of Nationals around the corner always brings good vibes, and fun trainings! We were so proud of our coaches & athletes as they finished off all their comps for the season. Not only did we have wonderful results, but we also saw the growth of our teams, coaches & the friendships amongst the teams evolve so much!

Nationals saw our teams hit more zeros than we've ever had before & we're so proud of our athletes & coaches for their growth this year.

There are a couple more highlights of this year that are definitely worth a mention. Our coach Dale & photographer Ash finally tied the knot & are getting ready to welcome their little baby boy any day now. We cannot wait to meet him! We also had two of our athletes achieve incredible heights as athletes - Jackson LeClerc from Kelly Co Ed was accepted onto Prodigy All Stars Midnight & moved to America to compete for their cheer season, and another of our athletes Jack Maillard won the World Championships in Aerobics; such incredible achievements for both of them!

It's been a whirlwind of a year, and we can't wait for 2024. The future looks bright, and we're ready to take on new challenges and celebrate more victories with you.

Thank you for being a part of our fantastic Outlaws family. We hope you have a wonderful Christmas & New year, and keep the spirit alive and create even more amazing memories together!

Bandits are like a little family. We look forward to Saturday morning's where we play lots of games to help us learn and get new skills. From the moment we made our 2023 Swat squad we knew it was going to be nothing short of a "swat-slay". This season has been a dream & these talented kiddies had us genuinely questioning their age at multiple points throughout the season. From new skills, to concentration games, to brain breaks, to dance parties, to take home adventures with swat-a-corn; there has been so many beautiful memories & moments shared. All our team mates are such good friends. We love seeing each other every Saturday and we love seeing our coaches. Rex Recruit (A t-Rex) is our Team mascot who has come to training and competitions with us. We love getting stickers when we do really well at training and each week one of us gets to take Rex home and spend the week with us. We journal our time with Rex in a scrapbook and decorate it with photos, glitter and stickers and share it with our coaches and team the following week. Some of our favourite parts of training is playing games, tumbling, and working on our routine.

These 11 girls are fierce, mighty, loving and share such a strong bond between each other, our coaches, and the sport. Always doing our group hugs before our fullouts. We will carry everything we've learn, and all the memories created for years to come. Triggers

COACHES: Maylee Wohling & Will Spinner

Triggers 2023 has been full of enthusiasm, laughs and hard work!! As a team we are full of curiosity and love to share about our day that at every comp and some trainings we have a special moment to tell or ask May and Will any irrelevant questions! Which they absolutely LOVE!! We started the year as individual athletes but as time has gone on we started working together, counting louder, and having more fun with our routine that our team became one! Our goal for the season has been to work to better ourselves as athletes and become more confident at every performance, which so far has been something we've been able to achieve! We are so proud of how far we have come this season and hope to continue improving as we now prepare for our final competition!

COACHES: Ashleigh Puleio, Taleah Pullar & Zahliah Simpfendorfer

2023, the debut of Junior Ops!
 What an honour to be selected for Junior Ops this season, especially having the name so proudly inspired by our big sisters on Black Ops. It's been such a great experience for each and everyone on the team and we've made so many amazing friends and memories together. We have had a huge amount of athletes move up in age groups from Youth to Junior and we've had some brand new athletes to cheer join us to create our 2023 team. It's been a journey with lots of hard work, but we absolutely love our routine and have put in so much hard work throughout the year to get it to where it is now. We are so grateful for the season that we have had. All the trainings have been full of fun, craziness, and excitement. We all get along so well and are very thankful for our teammates and coaches and the bond that we all share together.
 Ash, Taleah, and Zah have pushed us to be the very best that we can be and have always believed in us. They've taken our routine to the next level, and we always feel so proud to showcase it at any chance we get. We love walking off the floor knowing that we have done our very best and that our coaches are proud of us. Our favourite is when we make Ash cry happy tears. It's been a really fun year, and we are very grateful for all of our teammates, parents and coaches that have helped and supported us along the way. We can't wait to be on Black Ops one day!

Caliber

COACHES: Ashleigh Puleio & Keeley Hughes

It's been an amazing year for Caliber 2023! We pushed ourselves to the limit and we tried our hardest all season long. We started as a small team of 11 people and added new team members after every competition finishing the season with 20 fabulous teammates. Although that meant that we had to re-choreograph the routine after every competition this season, we wouldn't have it any other way as we love all of our teammates and we worked hard together and put in extra work to get our routine finished each time. We managed to bond so well, just like a family and brought out the best in each other. We have worked so hard and have been so determined all year long to push ourselves and each other to our limits gaining so many new skills and supporting each other every step of the way. We love each other like sisters, and nothing can change that. Ash and Keeley have been the best Coaches we could wish for, and have helped us if we ever needed anything. The sisterhood for all of the girls has been the best part. From the feeling of being on the comp floor and supporting each other whilst we are exhausted at training, we've still stuck by each other no matter what, just like sisters do!
 We are a group of very talented and dedicated athletes, that are just here to have some fun and love all that Cheerleading at Outlaws has to offer. Cali Babes live on!!

Reckless

COACHES: Ashleigh Puleio & Mia Potts

Reckless 2023 has been a year to remember! After the season that was had in 2022, we couldn't be more honoured and proud to be the selected 19 athletes that continued the Reckless name.

Throughout this year, Reckless has had many ups and downs. We have handled anything and everything that this season has thrown at us whilst having so much fun along the way and upholding the true Reckless spirit. We've re-choreographed our routine more times than we wish to admit, we've had injuries and setbacks but have persisted and trusted our teammates and coaches and put in the work, so we are ready for each competition.

We have been working hard upgrading our routine this season to be the best it can be, and we can't believe the difference from Winterfest to now. We have worked so hard to become the baddies that we are.

Reckless has made sure to set aside some time to bond as a team both inside and outside of the gym. The bond we have is something we are so proud of. Nothing compares to the feeling of walking on and off the comp floor with your cheer besties by your side.

We couldn't have come this far without our amazing coaches Ash and Mia. We are so grateful for all of the time and effort they have put in to our routine and our trainings. No matter what type of training or day we were having, Ash and Mia were always our biggest supporters, cheering us on every step of the way.

We have all come so far this season and are immensely proud to be part of the Reckless family and to continue the Reckless name. #baddiesforlife #wecklessfam

Renegades

COACHES: Maddie Powell & Ellie Fisher

Rene-SLAY!
 I don't think we could ever find the right words to truly explain how our journey has been this far. Of course for us - it's not over yet but as we step out of our comfort zone of what we refer to as the "Australian Season" & enter the home stretch to summit; it's so nice to take a moment and reflect on how far we have come. Entering this season, with this team in particular we knew it was going to be different: the expectations of what's required increased tenfold, the exhaustion of making sure we are committing to every team the way we need to, the mental challenges of reaching our "done" and going WELL beyond that; but also knowing when the slow down button needs to be pressed & the pressure of making sure we can meet the goals we set ourselves - we knew none of this was going to be possible or achievable if we didn't have the strongest foundation of love, commitment, accountability, friendship & passion to lean on when the going truly got tough. Like we say "A dream is a wish your heart makes" but with an environment that allows us to reach beyond our potential & a genuine sisterhood that we can't even explain - not even our hearts had dreamt of wishing for something as precious as this.
 There is still so much work to be done & so many more milestone memories to be made. The support of those around us is unmatched & we can't wait to enter the final phase of our climb to summit!!!

Thank you to our amazing coaches Maylee and Braiden for always pushing us to be our best and helping us learn new skills. Thanks to their tough love and wonderful coaching, we have been a consistent team, hitting zero at every comp thus far - a goal many of us were aiming to achieve. We have also been fortunate enough to take home first place at every comp so far this year. Heat

COACHES: Maddie Powell & Ashleigh Puleio

And just like that the 2023 seasons comes to an end. It's no secret heat always has MASSIVE shoes to fill. From day one heats mottos has always been "heat can't be beat"; although easily mistaken for the surface level of winning trophies- that actually has nothing to do with the true meaning behind our 8 year saying. Only those who have had the privilege of being a part of the heat legacy will understand how special it is. The love we share with one another, the growth we have in a season, the care & attention to detail on each and every aspect of the score card, the appreciation for the opportunity to be a part of the best, the friendships made, the goals we achieve - the fact that every season we have a heat - it's just as special as the last. This is the stuff that's unbeatable & the reason we know heat can never be beat. The 2023 season was nothing short of special; with fuel left in the tank we are so ready to finish this year off with everything ounce of confidence knowing how proud we made ourselves & that the LEGACY LIVES ON!!

Rivals

COACHES: Ruby Woodward

What a year it has been for Rivals! We started off this year with a new name and lots of determination to become the best level 3 athletes we can be. Every training this year has been filled with learning new skills, trying new things, and certainly lots of laughs. We kicked off our comp season strong at Icebreaker in the cheerstars senior stage 3 division. We were over the moon with our routine, hitting a solid zero and also achieving a milestone which was us making our level 3 debut! With Aussie Gold unfortunately being cancelled, we were given the opportunity to compete at AASCF States in the senior AG level 3 division! This meant we had lots of work to do, making heaps of upgrades to make our routine allstar level 3 ready. Our hard work and determination paid off, as we competed a routine we were extremely proud of! Rivals this year has been truly special, with every training being highly anticipated and many close bonds being formed. We would like to thank our coach Ruby for making every training so enjoyable, supporting us, and for teaching us so many new level 3 skills! Ac3s

COACHES: Maylee Wohling

2023 was the debut year for Ac3s. As a development team, we spent the year learning level 3 skills that were new to all of us. Our first comp of the year was Icebreaker where we were expecting to be competing in cheer sport, being a development team and all, but then found out on the day of the competition that we were actually competing in the all-star division against 7 other teams. We were so shocked to place 2nd at that comp (as a development team we didn't think we'd place at all) and to receive the highest execution and difficulty scores of all the teams in our division. We worked hard to further develop our knowledge of level 3 skills, including elite skills, which has been exciting and challenging. I have to say, our competition stunt runs in the warm up room have always been disastrous. We give our coach Maylee a heart attack and cause her so much stress when we go out onto the floor to perform. But somehow in the moment we manage to hit zero and perform our best full out to date. We are the kind of team that doesn't let bad run throughs affect us. We live in the moment and try our best, no matter what. The highlight of our season was definitely winning Non-Tumble Grand Champs at AASCF states. Who would have thought that a development team would come out and win Grand? We have had lots of people come and go on our team, but despite all the changes, at our core Ac3s is a strong Outlaws team who shouldn't be overlooked. We are now adding extra elite skills into our routine, and we look forward to bringing our all to the nationals competition at the end of the season.

Rogues

COACHES: Leon Hopkins-Gamble & Kat Gallucci

Picture this. A fresh rogues team all from different locations, some familiar faces but also some strangers. We stared up the mountain in front of us, the only part visible was the base camp. We climbed and fought our way up to the camp, each day bonding us together as sisters, and watched our little sister renegades do the same. There, at the base camp named 'BATTLE', the reward for all of our blood, sweat, tears, and time poured into the team awaited. All we had to do was do our jobs. We can proudly say that we performed the routine of our lives to date on day 2 of battle and got PAID! Now that we had reached this milestone the tip of the summit was visible!

We want to thank all past Rogues for making the legacy that of what it is to be a Rogue possible. It is truly something special to be a part of, and something we do not take lightly.

Whilst the Australian 2023 season is coming to an end, we are only at the start of our journey. With an ETA of 6 months until we reach the summit, we will plant our rouge coloured flag pole, with OA engrained in the wood soon.

Rangers

COACHES: Maddie Powell

RANGERS WHATS GOOOOOD!!! Starting off the season with more than a few bumps & hurdles. This team exceeded all expectations. The definition of quality over quantity & a team we can all look back on and say how proud we are we had each other to achieve & overcome the things we did. With all odds stacked against us; the saying of "small but mighty" ties it's self around this team in a perfect bow. Our patience, resilience, commitment, loyalty & love to the sport was tested this season & we've come out the other side with so much love & pride to be the team that has started the journey of what we all now known as OUTLAWS ALL STARS, RANGERS. Never sleep on a team that trains once a week. Never underestimate the power of passion & never forget what you can achieve when you know in your heart what your worthy of!

Sheriffs

COACHES: Leon Hopkins-Gamble & Kat Gallucci

It's 2030. You've finally finished cheer, and gotten all the states, nationals and even worlds medals you needed. You stop and reminisce about all the memories you've made over the long years of cheerleading, and realise...you don't recall competing and earning those medals, you remember the special memories you made at training, and begin to remember...Sheriffs 2023.

This year, Sheriffs have united under many platforms, mentally and physically. With awesome new coaches and a very new team, we've learned to come together during challenges, such as injuries, competitions, and mental blocks. Sheriffs 23 wants to be remembered as a team that not only worked hard but was silly and bonded like no other team. Some special memories for Sheriffs this year include our worlds sleepover, Barbie movie watching and dance parties before full-outs, not to mention all the fun themed trainings we've had so far.

In 2023, we've really shown that to be a Sheriff, is to love your team, love cheer and most importantly, be a model of #MEGS and #MAO.

This is what it means to be a Sheriff. To all future Sheriffs, keep the legacy alive.

Black Angels

COACHES: Tom Wohling

Each year of Blangels, there is some sort of a shift in the team, and this year it was being blessed with new members, returners but most of all, changing divisions. We went back to our roots of all-girl after 3 years in the coed division, going back to the OG Blangel style of 2016-19. However, despite these changes throughout the years, there is always one thing that stays the same. Thanks to our alumni, black angels have an unbreakable strong legacy and family aspect, and honouring that and them is our greatest privilege and priority every year #12:34! Honouring the legacy is a crucial pillar of our team, and one of the most exciting things about this year was seeing how we mixed tradition and our inner Bad Girls Club personalities to leave the legacy we wanted to leave behind. Our theme was all about soul snatching, HEART, tradition and ruling the underworld with our black crowns! Tom gave us the sassiest, most fun routine that we had all ever had, with music that did it no less than complete justice. Every competition and training was filled with laughter, karaoke, dancing, and a desire to work hard and be the best that we could be. With so many athletes on the floor, new and returning, it was more important than ever before to approach every training and competition as 1 unit. There were high highs, and low lows, but we got through them all together as sisters. We wanted nothing less than 10's across the board and it fuelled our desire, and we brought the FIRE! The improvement from the start of the year to the end was amazing, and it is all thanks to our dad angel/coach Tom. We can't thank you enough for always pushing us past what we thought that we could achieve, for drilling our technique and pushing our skills. You are the most passionate coach in this sport and your dedication means the world to all of us. So here's to our incredible, crazy, soul-snatching, and unforgettable team that was the 2023 black angels. #HEART FOREVER!!! Black Angels 2023

COACHES: Tom Wohling & David James

Gen 5 2023 has been a rollercoaster. There's been ups, downs, a few people forgot their seatbelts and I'm pretty sure at least one kid threw up. Some highlights of our year have been competing on an international scorecard for the first time, hitting back to back zeros and winning grand at Battle, gifting our coaches their We Are Enough shirts, and having a Barbie themed training (Yes we are an open age team. Yes we really liked the Barbie movie. Deal with it). We are now setting our sights on taking Gens international for the first time at Worlds 2024. We are grateful for all the support from coaches, friends, family, and past gens for helping us as we continue building the iconic Gens legacy. Always remember you are Enough. Big love, Gen 5 #G5OD

Welcome to Code Black, Outlaws Allstars level 6 non tumble team. This team was originally formed in 2020, during a time that wearing masks were mandatory and the only way to communicate with other people was through sign language because of how difficult it is to talk with a mask on.

In 2022 Code Black got the chance to finally compete for the first time that year and had an incredible run, coming second at nationals.

Joke Break What did one candle say to the other? Do you want to go out tonight?

This year Code Black has come back hungrier than ever with our sights set on that bid for worlds 2024.

Code Blacks putting in their work with extended trainings and coming in extra to stunt and with the addition of some new faces Code Black is going to put on a show come nationals and guess what? You're all invited!!!

Kelly Coed

COACHES: David James & Chantelle James

Welcome to the BIG-BLURB BIG SHOW!

This is your one-off, single issue, premiere, and finale team yearbook entry for Kelly Co-ed. This is TRULY a special one. But 'no,' you're saying, 'there has already been Kelly Co-ed'!

No, there has not been a Kelly Coed like this.

This isn't regular Kelly Coed - this is Kelly Coed SUPER 6.

We're what happens when the mad scientists in Outlaws Allstars upper management get truly zany and mix up some sugar (Kelly Girls), some spice (Notorious) and everything nice (Kelly Coed) into some sort of Powerpuff super team.

So, what is it like on a team comprised of three considerably different teams?

On one hand, it's the greatest of shows. A spectacle. A sight to see. The big show.

On the other hand - one could describe it as absolute chaos.

We have somewhere between 34 and 36 athletes on the floor - we can never be entirely sure because the team refuses to stand still for long enough to get an accurate count.

David and Chantelle, our fearless leaders, and coaches, have been blessed with two lovely children, Noah, and Asher.

This year, David and Chantelle were blessed with a third particularly unruly and noisy child - Kelly Coed Super 6.

One warm up to provide fleeting structure (thanks Deborah!).

Double the gumption.

Triple the chatter.

And only four shows (competitions) this year.

It's easy to imagine how challenging reconciling three different teams, training styles and just the sheer volume of athletes on the floor has been throughout this year.

It has been a wild ride and we have enjoyed so much of this journey.

We cannot see there being another team of this size, this style, this pizzazz, for a long time (Dave and Chants need some time to recover), so we're appreciating it as we experience it.

We sincerely hope to catch you at Nationals for one big, final, incredible show.

Kelly Coed Super 6, signing off, you heard?

Let's go Coed, let's GO.

This year for Fearless is one to remember. We have come together as a team and have strived to improve and get better. In 2023 we moved up to the Allstar division to help us to keep improving. In Pom this year we have worked on our technique more than ever to make sure that we can show the judges our best. At Battle this year we got the privilege of earning a Summit bid for Pom, showing that hard work really does pay off. In Jazz this year we have worked on our style to better perform and capture the audience's attention. We have had a lot of fun this year trying some new skills and trying to better our score for each comp.

Limitless

COACHES: Meg Pitham

Limitless is the brand new Junior Novice Hip Hop team for Outlaws Allstars. Founded in 2023 by brand new Outlaws Coach, Meg Pitham, this team started as three girls who wanted to give Hip Hop a try not expecting to compete in 2023 as the minimum required for a competitive team is five.

The months went by, and the team didn't grow, but each week they worked on the foundational skills and techniques of Hip Hop, as well as strengthened the team bond as we enjoyed our time together, both the athletes learning from the coach, but also the coach learning from the athletes. We also started to build the skeleton of a competitive routine in hopes of competing at some point this year.

In June, Limitless had five members and the sight was set to compete at AASCF States! The team worked very hard at trainings even committing to extra Sunday trainings to finish and polish their very first routine.

The week of States, Limitless was lucky enough to have a final training with Meg's own Coach/Mentor and 1DC for show-offs. They were in awe of their older sisters and learned a lot by watching them, as well as getting out their performance nerves in front of a supportive and welcoming audience.

The team competed at States, both for the first time as Limitless and for some girls the first time ever.

They danced incredibly well and walked away being crowned Victorian State Champions over 4 teams, a title they weren't expecting to hold after the rocky start to the year as well as being up against very experienced teams.

Now looking towards AASCF Nationals in November, Limitless are rebuilding and upgrading their routine, taking on judges feedback and comments like "this team has a lot of potential to be pushed harder". Limitless will bring everything they have and leave everything on the floor, we look forward to our journey ahead as a team both at Nationals and into the 2024 season.

Dance

1DC

COACHES: Phil Haddad

At the start of this year, 1DC sat down and wrote down 3 goals each. One that the dancer wanted to achieve individually, one that the dancer wanted to achieve as part of their contribution to the team, and one the dancer wanted to achieve as a team. It's fair to say that every member on 1DC wrote down very similar things with the same goal in mind: to better ourselves after Nationals 2022.

Over this year we've seen dancers come and go, routines made and scrapped, competitions won and score cards read, but even after all our incredible highs and frustrating lows, the team still soldiers on to tick off the next step in our plan, and we hope to finish our job one last time at Nationals 2023.

Our incredible coach and mentor Phil Haddad has taught us many lessons this year, including lessons we shouldn't needed reminding of, but we are always thankful and beyond grateful for all his knowledge, wisdom, patience, and passion he has given us whether we've danced with him for one year, or 10.

We thank him for his mana (Māori for power than can be inherited) and his wairua (Māori for the spirit or soul).

We thank him for his service to Outlaws and all of the dancers, cheerleaders, and coaches whose lives he's changed over his 10 years.

We thank him for being the heart and soul of 1DC.

2023 Queensland - The year that was

FAB

A year full of determination, dedication, love, enthusiasm, hard work, Friendships and Success. Outlaws Allstars in 2023 will be a memory that will last forever. Starting the year with New and familiar faces our journey for the 2023 season was about to begin.

As we approach the start of another fantastic year, it's time to reflect on the incredible journey we've shared together at Outlaws Qld. 2023 has been a year of growth, triumphs, and unforgettable moments that have strengthened our bonds as a Program and as a family. Our athletes have truly shined this year, showcasing their remarkable skills and dedication at numerous competitions and trainings. The hard work and commitment put forth by each cheerleader and dancer has been instrumental in our success.

We welcomed some exceptional additions to our coaching staff this year, bringing in fresh perspectives. The mix of experienced mentors and talented newcomers has enhanced our athletes' development and led to even greater achievements this season. As we move into the next year, we are filled with excitement and optimism for what lies ahead. We will continue to strive for excellence, push our boundaries, and make a positive impact both on and off the mat.

2023 has been a light into the future and we cannot wait to see what comes next. This year we had two international teams represent us in a lifetime experience. Congratulations Diamonds for making it onto that world stage and Spirits for bringing home Grand Champs at the Global Games. As a program our focus this season was community, inviting our parents twice a term to watch classes and bond while having a cup of coffee. One of our favourite moments of the season is our end of year Showcase. We get to see teams flourish into families and all the hard work and endless hours creating spectacular routines.

The friendships formed and memories created in 2023 will serve as the foundation for an even brighter future for Outlaws Queensland. 2023 has been one to remember and reflect on. We extend our heartfelt appreciation to each member of our incredible family for making this journey so unforgettable. Let's keep cheering, supporting, and uplifting each other as we embark on new adventures in the coming years.

The bond we've formed goes beyond the routines and competitions - it's a genuine family. Throughout this year, we've faced challenges and celebrated so many triumphs, but through it all, we've stood united.

The support displayed by each and every one of you have been nothing short of extraordinary. Whether it's the athletes pushing themselves to new heights, the coaches guiding them every step of the way, or the parents supporting at trainings and comps, we've witnessed what true teamwork looks like.

In every practice, performance, and events, we've seen the dedication and passion that define us as a family. We uplift and inspire each other, celebrating our differences and embracing our strengths. Our shared love for cheerleading has brought us together, but it's the connections we've made that make us a family.

As we look ahead to the future, we know that our bond will only grow stronger. There will be more challenges to face, more trophies to win, and more memories to create. But with this extraordinary family, I have no doubt that we will conquer whatever challenges come our way.

Worlds 2023

We dove into our trainings with grace and confidence as we embarked on our Worlds journey. For the first time in history Outlaws Allstars Queensland travels internationally for their biggest competition. This year Diamonds went to worlds as the first ever Outlaws team from QLD, it was our time to make a name for ourselves! AND THAT'S WHAT WE DID! Worlds was such an incredible experience and one we will never forget. We bonded, we laughed, we worked hard, we cried, we sang our hearts out. World's is truly an experience of a lifetime, it's a feeling you can't explain to someone unless they've experienced it. Every moment from blind karaoke, team dinners, decorating our van, competing at nationals, training at Topgun and being a part of their showcase are moments that we will forever cherish! To the BIG moment... competing on the world's floor. We faced many challenges throughout our world's journey, and through it all we came out as a team, they made us stronger and more bonded. During our road to worlds we competed at All Out Nationals in Tampa... what a crazy experience that was, we performed an incredible routine and made our mark as THE OUTLAWS DIAMONDS! Worlds was just around the corner, everything we had trained for has led us here! The hard training, the good and bad training, training on the grass in the hot sun, 3 training sessions a day! It all came down to our last 2 routines. Day 1 of the worlds we performed the best routine we've ever done, the crowd was crazy, the energy was high, we were clean, sharp and smart cheerleaders. We came off the floor with our heads held high, smiles all around and even a few happy tears. Day 2 was upon us, unfortunately we didn't put out the routine we had hoped for however, no matter what we were proud of the journey we had. To sum up day 2....An emotional rollercoaster. Tears after tears as for many of our DIAMONDS it was their last time ever competing. We will make a comeback and we will be back stronger than before! The world hasn't seen enough of the OUTLAWS DIAMONDS! We want to say a huge thank you to Kelly Girls, Notorious and all the Outlaws staff who made this world's experience truly something incredible. Huge shoutout to Corey and Jaala for believing in us and supporting us through our world's journey. We truly appreciate it!

Global Games

Undoubtedly the highlight of 2023 for the athletes of Outlaws Hawaii team - Spirits! Conquering the meet, they not only achieved first place for the Level 2 Senior division but triumphed as Grand Champions and achieved the highest score for the entire competition!

This is a testament to the dedication, perseverance and enthusiasm to every athlete on this team. This incredible journey they experienced together prepared them as a united front - the challenges they faced, the extraordinary connections they made - could not have been realised without the commitment, energy and passion of the fabulous coaches: Toby and Holly. We could not thank them enough for their tireless efforts, building the girls up, on and off the floor!

Another thank you to the proud parents for their unconditional support, fundraising efforts and making this experience possible for their athlete.

Smashing goals and creating memories together in the stunning backdrop of Hawaii forged beautiful bonds. Hard work was rewarded by dreamy sunsets, cultural immersion and of course lots of shopping! This unforgettable experience is one that Spirits will forever keep close to their hearts!

YOU DID IT!

The start of our season has put us through the test as a team, with challenges to overcome, through a strong bond, legends 2023 proved to be an incredible team. Keeping this theme always in our minds we worked extremely hard to create a long-lasting bond that would help us weave through any obstacles or challenges that got thrown at us. Winterfest was an amazing result to start the season, We were focused and driven to be the best we could be for all competitions. Term 3 was an adjustment, we all worked together to accomplish our goals for the rest of the season, with hard work and dedication we all knew that the pieces would fall into place and we would be exactly where we needed to be. Our coaches Jaala and Toby were there with us at every turn to give us valuable advice and constant encouragement to make sure we gave our routine the moment it deserves. We have consistently adapted to new aspects of our trainings and routine which have elevated it to a higher level. We cannot wait to continue the Legend Legacy and show how strong Legend Love is.

Blackout (NT)

COACHES: Toby Menzies & Ben Sarossy

Starting out the season as the biggest team in Outlaws QLD, Blackout have overcome challenges and beaten all odds to achieve a successful season. We had a number of our talented athletes compete at the Hawaii Global Games early in the season and upon their return, smashed out 4 chaotic trainings locking in our Pyramid and End dance before heading into Winterfest and scoring NT Grand Champs! Blackout is a team that thrives on chaos and big personalities but utilize our differences to come together as a team on that comp floor. We are grateful for the season with Toby as our Head Coach and significant contributions from Jaala and Ben along the way as well. Blackout are signing out the 2023 season with our hearts full and a hunger for more in 2024!

This is one incredible team. Like all teams, they have had their fair share of obstacles this season but they always put their best foot forward no matter the circumstances. There is so much talent in this team as well as so much personality, which helped them through the harder times. There is never a dull moment in training and it is definitely what makes the bond between each athlete so strong. The choreography was certainly a challenge, but they put in the hard work to improve and succeed at competitions. Lesson from our coaches

I loved when Jaala taught me how to base and Ben taught me hip-hop!!!!!!

ASH HAS TAUGHT ME DISCIPLINE AND DETERMINATION

Emily K has really helped me build up my confidence with my tumbling ability. She helps me push myself to my limit and makes me try things that seem too scary, but then shows me that I can actually do them.

Maylee has made a huge impact on my cheer ability. She has really helped push and extend my stunting ability. I have learnt lots of new skills and built up my confidence.

My coaches taught me to never give up and to always snap my feet together in between my jumps. They also remind us to just have fun and always believe in myself and that being nervous is a good thing.

Do what you love and it's ok to fail but not ok to give up

Maddie, Em and Will have taught me that it's important to keep trying even if you don't succeed the first time

That coming together as a team will benefit every person individually and makes the team hit harder and stronger

Lauren has taught me so much about pom. It is my first year doing pom and Lauren has been so helpful and supportive.

To stay fit, keep up the cardio!

If you mess up just keep smiling

Mia- every single training Mia will say hello how are you with a big smile on her face without fail, she is very open and easy to talk to she is like a big sister to the younger girls on my team xx

TO ALWAYS TRY YOUR BEST EVEN IF YOU TIRED

Toby - to never give up through everything and that through everything your coach will always support you, Toby will be there for you to give a hug, make you laugh, be your no1 fan and also help you become very good at cheer!!

To believe in myself at all times! Work hard at training but in the end I cannot control the judges - so make sure I enjoy myself at competitions.

Hard work is your best friend on the way to success. A positive mindset will change your life.

NEVER GIVE UP AND KEEP PUSHING

Don't be sorry be better

Cheer is physically hard, but mentally harder. and consistency is key!

DON'T LET IT BREAK YOU. LET IT MAKE YOU

Just because it doesn't go right every time doesn't mean that you're doing it wrong. You just have to give the skills time to become familiar

Never give up and keep trying! It's not about winning it's about having fun!

To keep persisting with my tumbling and even if I can't see the improvements myself, it is improving

KEEP GOING

How to be strong/resilient and feel confident in myself

Rachel - she reminded me to trust myself and what I can and to never doubt myself she is always happy to chat and is high key an amazing backspot

Kayla (Baby Bandits) has taught me to jump, smile and shine.

HAVE FUN, NEVER GIVE UP. IT'S NOT ABOUT WINNING, IT'S ABOUT TRYING!

ALWAYS HAVE FUN AND DON'T GIVE UP JUST CAUSE OF THE RESULTS YOU GOT

You got this! (Jaala and Toby)

Emma - Breathe in good vibes and breathe out bad vibes and how to get good fouettés.

TOBY - BE CRISPY LIKE BACON AND HOW TO PERFECT MY BACK HANDSPRINGS

Recognition of a stronger and more improved routine/performance is the priority over any trophy

There's always a higher level to aim for, more to learn, more to strive for. Work hard to play hard

Ash has taught me to never give up, to always bring your best, smile & team work makes the dream work... lessons I will have for everything in life

To trust the process
